SCOPE OF THE CONTEST - (DEFINED BY THE NATIONAL COMPETITION REGULATIONS)

The contest is defined by the current industry technical standards. The contest is divided into four portions: a written ASE exam and a series of workstations. Contestants will demonstrate their abilities to perform tasks selected from the following list of competencies as determined by the SkillsUSA Championships technical committee.

(District Competitions are meant to be a scaled down version of National Competition. It is important for the students to participate in a competition that will reflect a cross-section of the industry skills needed to prepare them for the state and national levels)

KNOWLEDGE PERFORMANCE

The contest will include a 20-question ASE style written exam on finishes, prepping, painting and safety.

SKILL PERFORMANCE

The contest includes a series of workstations designed to assess skills in the following areas: color code locations & identification, surface preparation, spray gun operation and related equipment, paint mixing, matching and applying, solving paint application problems, finish defects, causes and cures and safety precautions.

Contest Guidelines

1. Prepare a primered fender for base coat/clear coat
2. Mix required solvent paint
3. Apply top coats
4. Identify vehicle paint code
